Seniors Isolation Forum

Saturday, May 26, 2018

1:30 - 3:30 pm

2nd floor, 1440 W. 12th Ave., Vancouver

Social isolation and loneliness has been identified as a major concern in our community causing significant negative effects on health, health care costs and personal well-being. Eddy Elmer, of the Vancouver Seniors Advisory Committee, will speak about his extensive research into the issue and resulting recommendations. Representatives of the federal and city governments will be attending along with community support groups. The presentation will be followed by round table discussions where the audience can share their views if they wish and explore ideas to address the problem.

This Forum intends to further the dialogue on this important topic by bringing together all elements of our community. Please join us and be part of the conversation. Coffee, tea and light refreshments will be provided.

Space is limited, register online for this free forum at
